

1 Tee shot about 260 yds. down left side sets up for best approach into this green.

2 270 yds. keeps your tee shot safe. Laying up second shot to the right gives you best angle into this well protected green.

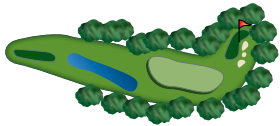

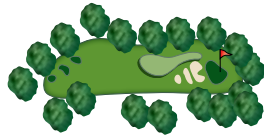

3 Slightly elevated green, take an extra club. Club selection is key on this par 3.

4 Tee shot just to right of cart path gives you your best approach into this elevated green. False front on this green makes green look larger, take plenty of club.

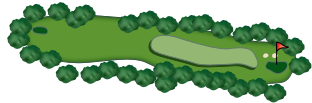

5 Enjoy the view on this great downhill par 5, hit away.

6 One or two clubs less from this elevated tee. Don't be long.

7 Sharp dogleg left. Stay as far left off tee, ball will funnel to the right. 210 yds. to corner.

8 Tee shot to left is ideal for best approach into this green.

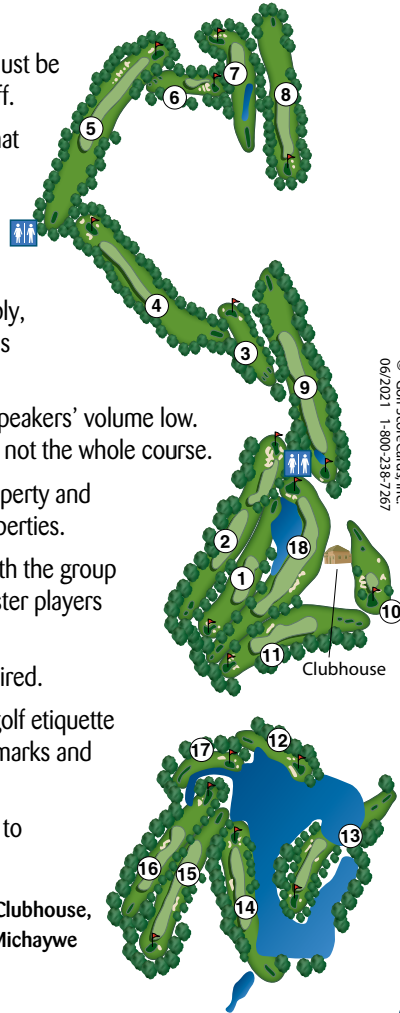

9 Straight away par 5. Lay up short for best birdie chance.
